John G. Koeltl, U.S.D.J.

**Re: United States v. Jameen Walker  
20 CR 554 (JGK)**

Dear Judge Koeltl:

I write, with the consent of the Government, to request a modification of Mr. Walker's bail condition to remove the requirement of one co-signer to the bond.

On October 30, 2020, Mr. Walker was released, with the agreement of the Government, on a \$100,000 personal recognizance bond to be co-signed by one co-signer for moral suasion. He was placed under Pre-Trial supervision and ordered to check in with Pre-Trial Services by telephone not less than two times a week. The following additional conditions be also imposed:

1. Travel restricted to SDNY/EDNY
2. Surrender all travel documents and no new applications
3. Drug testing and treatment as directed by Pre-Trial Services
4. Mental health evaluation and treatment as directed by Pre-Trial Services
5. Submit to urinalysis and if positive, add condition of drug testing and treatment
6. Continue to seek employment.

Mr. Walker is in full compliance with the above conditions of release but, to date, he has not been able to secure a co-signer to his bond. He is presently living in a homeless shelter and, unfortunately, has minimal support from family. Despite several attempts, it appears unlikely that a co-signer will be located.

Therefore, I respectfully request that the Court modify Mr. Walker's bail conditions by removing the condition requiring a co-signer for moral suasion.

Respectfully submitted,

*/s/ Amy Gallicchio*
